ANNOUNCEMENT OF FIRST QUARTERLY RESULTS FOR THE THREE MONTHS ENDED 30 JUNE 2019

CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration. The greater risk profile and other characteristics of GEM mean that it is a market more suited to professional and other sophisticated investors.

Given the emerging nature of companies listed on GEM, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

This announcement, for which the directors (the “Directors”) of KNK Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on the GEM (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this announcement is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this announcement misleading.

The board of Directors (the “Board”) is pleased to present the unaudited condensed consolidated results of the Company and its subsidiaries (collectively the “Group”) for the three months period ended 30 June 2019 together with the comparative unaudited figures for the corresponding period in 2018.

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW AND OUTLOOK

The Group is principally engaged in the provision of comprehensive architectural and structural engineering consultancy service. During the three months ended 30 June 2019, the Group was focusing on developing business opportunities from existing customers as well as referrals from them; at the same time, the Group is looking for increasing the types of architectural-related services to be provided to various customers.

The Company's shares were successfully listed on GEM on 12 December 2016. The proceeds raised have strengthened the cash position of the Group and allowed the Group to expand from different aspects. After having evaluated the Group's business objectives as stated in the prospectus of the Company dated 30 November 2016 (the "Prospectus"), the Group and the Directors considered that no modification of the business objectives or the business plans as stated in the Prospectus was required.

Going forward, while actively exploring new businesses opportunities, as mentioned above, the Group also plans to extend its business reach and expand service coverage to lay a foundation for our long-term development. These strategic directions aim to capture new business opportunities in the market and contribute satisfactory long-term returns to our shareholders. And such achievements depend on whether we can attract competent professionals to join the Group. However, due to the current market situation and economic and political environment, the Group expects that the forthcoming performance may be severely affected. The Group will keep shareholders updated in due course.

FINANCIAL REVIEW

Revenue

The Group's revenue is generated from the contract revenue from provision for comprehensive architectural and structural engineering consultancy service, including licensing consultancy, alternation and addition works and minor works consultancy, inspection and certification and other architectural related consultancy.

The total revenue for the three months ended 30 June 2019 was approximately HK\$7.1 million (2018: HK\$14.5 million) which represents a HK\$7.4 million or 50.8% decrease compared to the corresponding period in 2018. Such decrease was mainly attributable to the completion of Design and Build Project as announced in the announcement dated 18 July 2017 (the "Design and Build Project") such that its revenue contribution was dropped in the three months period ended 30 June 2019.

The gross profit margin was raised from approximately 26.5% in the three months ended 30 June 2018 to approximately 37.9% in the three months ended 30 June 2019. Such increase was mainly due to the fewer revenue contribution from Design and Build Project as it had a lower gross profit margin compared with other projects of the Group such that the overall profit margin was pulled up.

Administrative expenses

The total administrative expenses for the three months ended 30 June 2019 was approximately HK\$2.5 million (2018: HK\$2.5 million) and remained stable.

Income tax expenses

The income tax expenses for the three months ended 30 June 2019 was approximately HK\$0.1 million (2018: HK\$0.3 million) and such drop was in line with the decrease in assessable profits of the Group.

Profit for the period

The Group recorded a net profit attributable to owners of the Company of approximately HK\$0.1 million for the three months ended 30 June 2019 (2018: HK\$1.1 million). Such decrease was mainly due to the drop of revenue recognised during the period.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

During the three months ended 30 June 2019, the Group financed its operations by cash flow from operating activities. As at 30 June 2019, the Group had net current assets of approximately HK\$41.2 million (31 March 2019: HK\$29.9 million), including cash of approximately HK\$25.7 million (31 March 2019: HK\$29.4 million). The current ratio, being the ratio of current assets to current liabilities, was approximately 5.2 times as at 30 June 2019 (31 March 2019: 9.4 times). The decrease in the current ratio was mainly attributable to the larger other payable balances as at 30 June 2019 than 31 March 2019.

The capital of the Group comprises only ordinary shares. Total equity attributable to owners of the Company amounted to approximately HK\$45.4 million as at 30 June 2019 (31 March 2019: HK\$42.9 million).

EMPLOYEE INFORMATION

Total staff and directors' remuneration for the three months ended 30 June 2019 was approximately HK\$3.9 million (2018: HK\$3.6 million). Such increase was mainly due to the staff salaries increment. The Group's remuneration policies are formulated on the basis of performance, qualifications and experience of individual employee and with reference to the prevailing market conditions. Our remuneration packages comprise monthly fixed salaries and discretionary year-end bonuses based on individual performance, which are paid to employees as recognition of, and reward for, their contributions.

CHARGES ON THE GROUP'S ASSETS

The Group did not have any charge arranged with any financial institution in Hong Kong as at 30 June 2019 (2018: Nil).

FOREIGN EXCHANGE EXPOSURE

The revenue and business costs of the Group were principally denominated in Hong Kong dollars, and as such the exposure to the risk of foreign exchange rate fluctuations for the Group was minimal. Hence, no financial instrument for hedging was employed.

CONTINGENT LIABILITIES

No material contingent liability had come to the attention of the Directors in the three months ended 30 June 2019 and up to the date of results announcement and quarterly report issuance of the Company.

EVENT AFTER THE REPORTING PERIOD

Up to the date of results announcement and quarterly report issuance of the Company, saved for the announcement made on 18 July 2019, there was no other significant event relevant to the business or financial performance of the Group that come to the attention of the Directors after the period ended 30 June 2019.

USE OF PROCEEDS

Among the net proceeds of approximately HK\$25.1 million from the placing transaction conducted in 12 December 2016, up to the latest practicable date for the purpose of this announcement, approximately HK\$2.5 million has been used as general working capital of the Group, comprising (i) approximately HK\$0.9 million as Directors' remuneration and staff salaries payment; and (ii) approximately HK\$1.6 million as compliance and professional fee and general expenses. Also approximately HK\$3.7 million was used as salaries to recruit additional staff since listing to support the expansion of business and approximately HK\$2.5 million was used to purchase new property, plant and equipment. The remaining balance of HK\$16.4 million was kept in the Company's bank account. The Directors do not intend to change the intended usage of the proceed as disclosed in the Prospectus.
